

The Peter Pan of Aberaman

Dr Terry Morris

21st June 2013

National Library of Wales, Aberystwyth

History of Medicine Society of Wales

"Asked to see a gentleman on a domiciliary visit. Afterwards, the patient's wife introduced me to her brother.... A fascinating story unfolded, the lessons of which are relevant to all clinicians today even in this era of high tec. medicine with it's potential for sophisticated clinical evaluation and investigation. This case will be presented and the audience invited to make a clinical diagnosis."
